Archaeological Dig at Playa Juyuya Only 5 spaces left!	Cabezas de San Juan, Fajardo: Travel time from San Juan: 45 minutes to 1 hour.	Pack your canteen, put on your hiking boots and come work in a real archaeological dig. Join us for this adventure under the sun where we hike down to an isolated beach deep within Cabezas de San Juan Nature Reserve. The Playa Jayuya pre-Hispanic archaeological site is found there and we are still digging out its treasures. Be part of this discovery! Level 4 - Extreme: Requires excellent physical condition in order to carry out hikes of a considerable distance along rough terrain, sometimes under very poor lighting. The participants' physical condition and gear will be evaluated prior to the hike in order to make sure everyone is well-prepared. Recommended ages 12+ years old.	1:45pm - 5:00pm Bus Leaves Hotel: 12:45pm	Closed comfortable shoes with good grip, fresh comfortable clothes, long pants, change of clothes (including shoes), reusable water bottle, natural bug repellent, sunscreen, hat or cap, sunglasses.
Archaeological Site Visit 10 spaces left!	Hacienda La Esperanza, Manatí: Travel time from San Juan: 45 minutes to 1 hour.	Enjoy the multilayered landscapes at Hacienda La Esperanza while you discover one of its archaeological sites. Level 2 - Moderate: Requires enough physical condition to carry out hikes along fairly inaccessible areas. Children participation is left up to the parents and/or legal guardians. Recommended for children 4+ years old, due to long walks and type of work that will be performed.	3:15pm - 6:00pm Bus Leaves Hotel: 2:15pm	Closed comfortable shoes with good grip, fresh comfortable clothes, long pants, change of clothes (including shoes), reusable water bottle, natural bug repellent, sunscreen, hat or cap, sunglasses.
Bird Census at Hacienda La Esperanza Only 4 spaces left!	Hacienda La Esperanza, Manatí: Travel time from San Juan: 45 minutes to 1 hour.	Join us for a birding hike in one or several trails throughout the ecosystems of this coastal plain. We identify every bird we are able to see or hear, adding it to a list that will be uploaded to the eBird database. Data from our list will add up that of previous ones, thus helping us better understand bird movements and populations at Hacienda La Esperanza Nature Reserve.	4:45pm - 7:30pm Bus Leaves Hotel: 3:45pm	Closed comfortable shoes with good grip, fresh comfortable clothes, long pants, change of clothes (including shoes), binoculars, reusable water bottle, natural bug repellent.

		<p>Level 2 - Moderate: Requires enough physical condition to carry out hikes along fairly inaccessible areas. Children participation is left up to the parents and/or legal guardians. Recommended for children 4+ years old, due to long walks and type of work that will be performed.</p>		
<p>Bird census at La Robleda, Cayey</p> <p>FULL</p>	<p>Ramón Power y Giralt, San Juan</p> <p>Travel time from San Juan: 45minutes to 1hour.</p>	<p>La Robleda is a 255-acre natural protected area high atop Puerto Rico's Cordillera Central. It's named for the unique forest of Pink Trumpet Trees that occupies much of the area, providing a colorful display when in full bloom, usually during the late summer months. The mountain landscape is remarkable by itself regardless of the season, and its mature secondary forests provide habitat for a wealth of endemic, native and migratory bird species. Come participate in a bird census in this unforgettable protected area!</p> <p>Level 2 - Moderate: Requires enough physical condition to carry out hikes along fairly inaccessible areas. Children participation is left up to the parents and/or legal guardians. Recommended ages 10+ years old.</p>	<p>4:15pm - 7:00pm</p> <p>Bus Leaves Hotel: 3:15pm</p>	<p>Closed comfortable shoes with good grip, fresh comfortable clothes, long pants, change of clothes (including shoes), binoculars, reusable water bottle, natural bug repellent.</p>
<p>Bird Census at the River and Coffee Plantation</p> <p>FULL</p>	<p>Hacienda Buena Vista, Ponce:</p> <p>Travel time from San Juan: 1 hour and 45 minutes.</p>	<p>Join us for a bird count hiking two trails of the humid subtropical forest at Buena Vista. The river trail takes us across the river up to Salto Vives waterfall and back. The second trail one allows us to visit our shade coffee plantation. We'll see native and endemic birds associated with these ecosystems and perhaps some migrants still using this protected habitat. Binoculars and bird guides are provided if needed.</p> <p>Level 2 - Moderate: Requires enough physical condition to carry out hikes along fairly</p>	<p>4:15pm - 7:00pm</p> <p>Bus Leaves Hotel: 2:30pm</p>	<p>Closed comfortable shoes with good grip, fresh comfortable clothes, long pants, change of clothes (including shoes), binoculars, reusable water bottle, natural bug repellent.</p>

		inaccessible areas. Children participation is left up to the parents and/or legal guardians. Recommended ages 8+ years old.		
Blue Land Crab Monitoring 8 spaces left!	Hacienda La Esperanza, Manatí: Travel time from San Juan: 45 minutes to 1 hour.	Be part of a population study of the Blue Land Crab (<i>Cardisoma guanhumi</i>), a crucial ecological and economic resource found in this nature reserve. Help our lead scientist or volunteer leader in placing traps in designated areas and measure, weight and determine gender of captured individuals before releasing them back into the wild. Information collected will feed out management approach for this species. Level 2 - Moderate: Requires enough physical condition to carry out hikes along fairly inaccessible areas. Children participation is left up to the parents and/or legal guardians. Recommended for children 4+ years old, due to long walks and type of work that will be performed.	3:45pm - 10:00pm Bus Leaves Hotel: 2:45pm	Closed comfortable shoes with good grip, fresh comfortable clothes, long pants, change of clothes (including shoes), reusable water bottle, natural bug repellent, sunscreen, hat or cap, sunglasses.
Cacao Workshop FULL	Hacienda Buena Vista, Ponce: Travel time from San Juan: 1 hour and 45 minutes.	For this workshop we visit our cacao plantation right across the river, where we learn about our cacao farming project. Then we head back up the historic site to experience the artisanal process of cacao, from seed to chocolate bar while enjoying a cup of hot chocolate. Yummy! Level 2 - Moderate: Requires enough physical condition to carry out hikes along fairly inaccessible areas. Children participation is left up to the parents and/or legal guardians. Recommended ages 8+ years old.	1:45pm - 5:00pm Bus Leaves Hotel: 12:00pm	Closed comfortable shoes with good grip, fresh comfortable clothes, long pants, change of clothes (including shoes), reusable water bottle, natural bug repellent, sunscreen, hat or cap, sunglasses.
Help us Protect Sea Turtles! FULL	Hacienda La Esperanza, Manatí:	Join a team of citizens committed to the survival of sea turtles at Hacienda La Esperanza! Come along on a monitoring hike through pristine beaches used as nesting	4:45pm - 8:00pm	Water shoes, reusable water bottle, fresh comfortable clothes, natural bug repellent, change of clothes (including shoes)
